

# *The Fireball to Christ Consciousness*

Guided Readings and Reflections for **Advent 2013**

*Led by: Sylvia Verde [Liturgical and Theological background]*

Four moments of transformation in the emergence of the universe will guide our reflections on the Christian Story of the emergence of God's Self-revelation, culminating in the Incarnation of Jesus (Emmanuel/God-with-us) and Christ Consciousness. As we consider the transformative events of :

the **Fireball**, the **Galaxies**, **Life** and **Consciousness**

we will reflect on the self-revelation of the incomprehensible holy mystery through the Advent themes of anticipation and waiting, darkness and light, the incarnation of Love, and the consciousness of Jesus that we are one.

*Join us for prayerful reflection and  
celebration of the Mystery unfolding*
