The Mary Ward Centre offers the Ethical Considerations certification for SHSM students in TCDSB.

Using concrete examples and interactive activities, this program explores a variety of justice related issues including materialism, consumerism, inequality and greed, particularly in relation to our current environmental crisis. We examine our ethical responsibility, focusing on the movement from charity to justice.

Drawing upon the wisdom of such figures as Pope Francis and Mary Ward, students are encouraged to challenge current modern day assumptions about what is necessary for a “good life”. Using *The Earth Charter* and *Sustainable Development Goals* as a framework, participants are challenged to consider what it means to be a global citizen and creatively imagine new ways of engaging themselves, others and the world. By realizing that there are alternatives and hopeful ways to effect change, students will be renewed in their desire for justice.
